

## **Higher Photography – April 11<sup>th</sup> Submission requirements**

On Monday 11<sup>th</sup> April you will give Mr Hamilton...

1. a copy of your project powerpoint
2. and a folder containing your 12 final images for print

The Powerpoint should be complete to the best of your ability in...

### **Section 1 – Research and Investigation**

- Proposal and planning etc
- Site, location, logistics etc
- Research and inspirational photographers etc

### **Section 2 – Development and Production**

- Contact sheets, test images examples paintings etc
- Justification of decisions in planning and review of pictures
- Selection of images (approx.. 25 in total)
- Final selection of 12 images titled, sized and ready to print

**You DON'T need your evaluation yet!**

**HELP IS HERE** - On the School website, under Faculties, Art & Design and links you will find two PDF example projects to help you. They are called

Contemplation (partial project)

Friendship (complete project)

**PLEASE REMEMBER** that this year we have asked for some changes from you. You **don't** have to show the starting 12 images and develop them individually – you should have about **25 images** as a start and you can work on them in groups as appropriate. Everything else should look like the two example projects!
