

Information for Parents and Carers of Pre Teens and Teenagers in Edinburgh

Teen Triple P (Positive Parenting Programme)

This practical parenting programme can help parents/carers cope positively with some of the common issues associated with raising a teenager. The group and individual sessions give parents an opportunity to explore ways they can build a stronger relationship with their teenager, resolve conflict, manage problem behaviours and help their teen stay safe.

Raising Teens with Confidence

This 6 week course aims to help parents and carers understand how they can best support their teenage children to navigate increasing independence; develop confidence, security and resilience; and promote and benefit from emotional wellbeing. The latest research around what helps support emotional wellbeing throughout life is used. This includes adolescent brain development, risk taking behaviour, importance of communication and the effects of stress. This provides an opportunity to explore with other parents how the teenage years can be a time for the whole family to *'thrive rather than just survive'* (Siegel 2014)!

Courses run in some secondary schools and community venues, these are listed at www.joininedinburgh.org/parenting-programmes/raising-teens-confidence For more information contact the Mental Health and Wellbeing Team at growingconfidence@edinburgh.gov.uk
