S1-6 Photography Project: Boroughmuir will be running a photography project over the next few weeks and we would like you to contribute!

The theme is 'My Edinburgh' and your photos will potentially be gathered into a kind of digital exhibition. Our Hong Kong partner school, Kwok Yat Wai College, will hopefully be running a similar project and will send us their 'My Hong Kong' photos to give us a sense of what life is like in their city. Interesting shots of famous landmarks are welcome, but it would also be great to see more unusual or quirk pictures. What is it that really says 'Edinburgh' to you? Friends? Something about your neighbourhood? A particular building? The more variety, the better! You can email your photos to the Photography club at the following address: bhshongkongpics@gmail.com Thank you for taking part!
