

Home Learning on Teams

When logged in to Office365 pupils should select Teams:

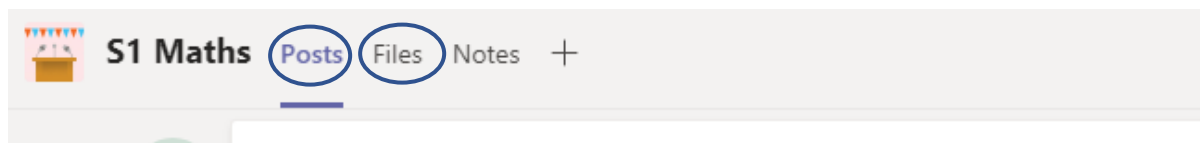

All Teams a pupil has been enrolled in will be listed. There are two views:

Click on a Team to view posts and files.

NB: If teachers post work in the BOR Year Information Team, the instructions to pupils are likely to be in the **Post** tab and the files pupils are likely to need will be stored in the **Files** tab. Worksheets

posted in the **Files** tab need to be saved to the pupils own device as they will otherwise be saving over the original file.

The tables below outline where you will find resources per year group and per subject. You may click on the link below to take you directly to the year group table.
