Ms O'Thy

S1-6 **Global Goal of the Week:** Throughout this month (January) many people take on the challenge of being vegan! The aim of this is good wellbeing and removing any stigma around healthy food, as well as substantially reducing your climate footprint. Over the holiday season many people set resolutions for healthier lifestyles and starting the year with 'Veganuary' is a great way to go about it. It doesn't have to be becoming vegan, there are loads of ways to focus on your wellbeing this year!
