A TEDx event is a local gathering where live TED-style talks and performances are shared with the community. The content and design of each TEDx event is unique and developed independently. Our TEDx event offers us an opportunity to create a gathering in our community to explore Voices of Change.

TED is a prestigious and internationally regarded organisation and we are delighted to have been chosen as the host venue for this. Any students who would like to come should see Ms Garland in room 1.07
